

**WebTimeBillingä** is the invoicing and billing module designed to reduce effort in the customer billing process and includes automated invoice reminders. Fully integrated into the WebTimeTMS product range it completes the process to make the whole time and project/client management process wholly automatic, saving you time and money!

### **Current Issues:**

- ❖ Preparing invoices from manual timesheets is expensive and labour intensive
- ❖ Chasing invoices is costly and time consuming
- ❖ Analysing revenue streams is difficult and information is not always in one place.
- ❖ Multiple billing rates make invoicing complicated and prone to error

**WebTimeBillingä** makes the invoicing process simple and efficient. Track clients invoicing more effectively and improve your cashflow with the automated reminders and alerts.

### **Key Features:**

- ❖ Improves cashflow as invoices are created and sent immediately, so there is no delay in preparing invoices
- ❖ Flexible project setup allows projects, tasks, jobs or clients (if you track by client) to be setup within minutes, with invoicing at any time in the project life cycle.

- ❖ Simple, intuitive web interface with no client software to install. Works on virtually any browser.
- ❖ Invoicing and billing is very flexible with multiple rates for employees.
- ❖ **Immediate benefits and visibility** in client billing and profitability.
- ❖ Invoicing can be linked to a workflow process for online approval of invoices
- ❖ Alerts can be set to inform staff that a billing event has taken place.
- ❖ **Real time invoicing and billing analysis and reporting** with the powerful reports suite.

### **Technical Features:**

- ❖ **Installs within one day** and is totally scaleable to any number of employees and locations.
- ❖ IIS and SQL Server based, ODBC for other databases available
- ❖ Integrates quickly with existing accounting, payroll, HR and project management systems.

Based on our recent surveys, we are currently offering WebTime Billing™ on a 30-day trial basis, because we are confident that once installed you won't want to give it up! Call us now on 0800 074 6892 or email us at [sales@webtimetms.com](mailto:sales@webtimetms.com) for further details.
